

Beginner and Intermediate Skiing Lessons in Wisconsin

Take a Ski Lesson!

cascade-lessonThis year, I'll be teaching beginner and intermediate lessons at [Cascade Mountain in Portage, WI](#). If you would like a lesson, please book it through the Ski School desk and request me (Tony Herman).

Ideally, a 2 hour lesson would be best but an hour is fine. With a 2 hour lesson, we can check out your skiing and then try some new things to improve your skiing so that you're more confident, have more fun and have more of the mountain open to you while feeling less tired at the end of the day.

I like to ski a lot, so we won't be standing around talking too much. We get to cut to the front of the line at Cascade, so we'll be going up and down as much as we can.

We'll start on easy terrain and then move to other terrain that's appropriate to what we're trying to work on. We'll take it nice and easy because I want you to succeed!

-Tony
