

Book Your Lessons EARLY This Year

Parent and child skiing

I've got two half day private lessons booked for January already. With how things are going to be ran this year, I highly suggest making your plans very early.

I'm not sure if Cascade will have online reservations for lessons or not. We'll see. We have our orientation in a month or so. Once I know I'll update this post.

Just remember, this isn't a normal year. More planning will be required for sure, but it's worth it. We all love playing in the snow!
