

Want a Cool Job for Winter?

Cascade Mountain

[Check out the job fair at Cascade Mountain](#) on November 4th and 6th next week. You can work full or part time. Make some extra cash on weekends instead of sitting around inside the house!

The people there are great and it's kind of fun working at a resort type of place. People are paying some bucks to ski and snowboard there and they're also sort of on vacation, too, so they're really nice customers. I love teaching lessons (as you can obviously tell) and Cascade is the biggest and best ski hill in the area.

You can get some discounts on gear and lift tickets, too!
